

Tariff of Mortgage Charges

The Co-operative Bank endeavours to make our fees and charges easy for you to understand.

Our tariff of charges reflects the document used across the industry to help customers compare mortgages.

When looking at the fees that other firms charge, you may notice some that don't appear in our tariff (below). This means we don't charge you these fees.

Before your first payment These are the fees and charges you may pay before we complete your transaction and/or transfer your mortgage funds.	Legal fee	You will normally instruct a solicitor to act on your behalf in connection with transactions such as a home purchase or transfer of equity. You may be required to pay their legal fees and costs as part of their work on your behalf. These fees/costs are normally charged by the solicitor directly to you, unless we tell you that we will contribute to the legal costs as part of your product deal.	Variable.
	Product fee We may also call this 'Application fee' or 'Arrangement fee'	This is charged on some mortgages as part of the deal. It can be paid upfront or added to the total mortgage amount. If you add it to your mortgage, you'll pay interest on it at the same rate as the rest of your borrowing. It might be a flat fee, or a percentage of the loan amount.	Variable, where applicable this fee will be detailed in your Illustration and Offer documentation.
	Valuation fee	This is for the lender's valuation report, which is used to calculate how much it will lend you. This is separate from any valuation or survey of the property you might want to commission. There are other homebuyers or structural survey options available to you at a cost and there may be different approaches in different parts of the UK. Some mortgages offer free valuations – the product details for your mortgage will tell you if this is the case.	Variable, where applicable this fee will be detailed in your Illustration and Offer documentation.
